## Sereia Rox

Coonawarra • Sauvignon Blanc • 2023

*Our Sereia Rox Sauvignon Blanc hails from a region that was once under the sea, still showing remnants of an ancient shoreline. Once a mermaid, she is now an inland liberation warrior who recklessly shows off her fresh allure and vibrant air, leaving onlookers baffled by her symbiosis with this ancient land.*

*Unsatisfied with reds reigning the Coonawarra region for years, we've liberated these exceptional grapes and created the unthinkable, a Coonawarra Sauvignon Blanc!*
